Re: *Christina McClendon v. Dr. Kevin Geier, pending in Douglas County,
Kansas.*

Dear Dr. Edwards:

I write to follow up on our conversation from a couple of months ago regarding the above referenced case. As you will recall, we consulted with you on this matter that included the defendant chiropractor manipulating our client's neck at a bar in Overland Park, Kansas. His "manipulation" resulted in a shattering of a disc in her neck and corrective surgery.

When we spoke on the phone, you indicated that you would charge \$1,300.00 to review the records and offer your expert opinion. You were very gracious with your time and expertise in your preliminary review of the case in our phone conversation. We settled the case, prior to filing a lawsuit, in the amount of \$250,000.00. We did mention your name during the mediation that was conducted and the defense lawyer knew of your expertise in this field. We believe that providing you with compensation for your efforts is the honorable thing. Please find the enclosed check in the amount of \$750.00 from our firm to you for your service and consultation. If you do not believe this amount to be fair, please contact me at your earliest convenience.

Thanks again, on behalf of our firm and our client, for your efforts. If you are ever in Lawrence, Kansas please let us know and we can get together for dinner and drinks.

Very truly yours,
Skepnek Fagan Meyer & Davis, P.A.
