RE: Letter of Recommendation

Dear Colleague:

I recently employed Dr. James Edwards as an expert witness in a professional negligence case involving a chiropractor. I hired Dr. Edwards because he came highly recommended through other members of the Texas Trial Lawyers Association.

Dr. Edwards reviewed my client's medical and chiropractic records and provided a Section 74.351, Texas Civil Practice and Remedies Code expert report. I believe that because the expert report was thorough and detailed, it was never challenged by the defendant. Dr. Edwards also assisted me in drafting discovery requests and preparing for the defendant chiropractor's deposition. His assistance in my case was crucial and highly beneficial.

Dr. Edwards testified well during his deposition. Throughout his three-hour deposition, Dr. Edwards supported his opinions well and remained cool under pressure. It was very shortly after Dr. Edwards' deposition that the defendant's counsel offered to settle. Previously, the defendant and counsel vehemently denied any negligence in my client's care and treatment.

I recommend Dr. James Edwards to my colleagues without any reservation. I am willing to answer any questions or provide additional information regarding Dr. Edwards to any attorney seeking a knowledgeable, highly qualified expert witness.

Sincerely,

Steven N. Walden
